G. O. BY THE COMMANDER IN CHIEF.

The Medals in commemoration of the brilliant successes of the British Arms in *Mysore* in 1799, which the Honorable Court of Directors in their letter of the 26th February 1808, published in G. O. by Government on the 6th July of the same year, announced their intention of sending to *India* for distribution to the European and Native Troops employed on that occasion, having been received; they will be distributed to the Army through the means of Officers Commanding divisions, the Officers commanding the *Hydrabad* and *Poonah* subsidiary forces, and the Officers commanding in *Travancore*, in *Malabar* and *Kanara*, at *Fort St. George*, and at *Goa*.

Those Officers will accordingly call upon Commandants of corps and detachments stationed within the limits of their authority, to furnish rolls of the claimants now under their respective commands, and will assemble committees at the most central and convenient stations to receive and decide on all claims to Medals which may be advanced by Staff Officers or other individuals absent from their corps; by persons who have been removed from the effective strength, in consequence of having been invalided, pensioned, or discharged; and by the heirs and administrators of deceased claimants or their agents.

It will be material to prevent future dissatisfaction, that the places of the assembly of these committees, and the object for which they are constituted, be made public by every means

possible,

possible, and it is at the same time to be notified that claims not advanced before the 1st March next will be rejected, unless in the case of persons absent from the territories of *Fort St. George*.

That period having arrived, Officers Commanding divisions &c. will assemble one general committee to examine and correct all the rolls that have been received from corps, and collected by the subordinate committees, to form an abstract of the whole, to check the insertion of the same claims in any two rolls which might otherwise occur, and to ascertain the number of Medals of each description required.

The right to Medals to be determined by the circumstance of the person on whose account the claim is made having shared in the Prize Money for the capture of *Seringapatam*, and the description of Medal to be determined by the rank in which he shared; these points being established by some public record, or on such verbal testimony as shall be satisfactory to the committees.

The claimants, if principals, to be described as well by the rank and corps they served in on the 4th May 1799, as by their present situation. If heirs, by their relationship to the deceased and by the rank and corps the latter served in on the above date, as well as by his situation at the time of demise.

No claimants to be included *for Medals* in the rolls of corps, or at all in those of committees, who are not present within the divisions district, or command in which such rolls may be made out, the intention being that all persons entitled to Medals should prefer their claims to the committees held at, or nearest to, their present place of residence: but, as a matter of information, in the rolls made out at the head quarters of corps, the names of all its absent claimants are to be inserted, *but not to be included for Medals*.

Forms of the rolls to be made out by corps, and by committees are annexed and must be strictly conformed to—each is to have an abstract at the end shewing the number of claims it contains against the corps which were employed in the *Mysore* War of 1799, and were admitted to share in the Prize Money for that service, these abstracts will be compared with the Prize Rolls, and the returns of that period in the Adjutant General's Office.

The proceedings of the general committees to be held in each division &c. are when completed to be forwarded to the Adjutant General's Office by Officers Commanding divisions, &c. accompanied by the proceedings of the subordinate committees,

mittees, by the rolls received from corps, and, by an Indent, with a receipt attached, for the number of Medals of each kind, which according to them will be required.

As soon as these papers have been examined the Medals will be forwarded to the Officers particularized in the foregoing part of this Order, with directions regarding their distribution.

The description of Medals allotted to different ranks is so clearly stated in the extract of the Court's Letter already referred to, as not to require further explanation.

Corps and detachments now on the march will prefer their claims to Medals to the Officer Commanding the division, district, station, or force, where they are likely to be on the 1st March 1811, when the general committees will be assembled.

In addition to the above papers, separate rolls in the form annexed of all persons at present on the strength of the Army but now absent from the territories of *Fort St. George* on leave or otherwise, and not likely to return before the 1st March next, who under this order are entitled to Medals, are to be forwarded with the other documents by the corps or establishments on the strength of which they may now be, through Officers Commanding divisions &c. to the Adjutant General's Office, to form a record for the after distribution of Medals to those individuals.

Corps whose head quarters are on foreign service will forward their rolls direct to the Adjutant General's Office on the receipt of this order—in them they will include *for Medals* only those claimants who accompany the corps, although they will also insert in the roll the names of all absent claimants—such numbers of the corps as are neither present with it, or within the Madras Presidency, will be those who will fall to be included in the roll specified in the preceding paragraph.

The Honorable the Governor in Council derives much satisfaction in publishing to the Army, the sentiments of distinguished approbation it has pleased the Right Honorable the Governor General in Council to record on the occasion of the late successful attack made on the Dutch possessions at the

Island

Island of *Banda Neira*, by the force employed on that service under the orders of Captain C. Cole of the Royal Navy.

Extract from a Letter to Captain Cole, Commanding His Majesty's ship Caroline under date the 23d November 1810.

I am directed by the Right Honorable the Governor General in Council to acknowledge the receipt of your letter of the 29th ultimo, relative to the late successful operations of the force employed under your command in the reduction of the Island of *Banda*.

The details of this brilliant atchievement and of your arrangements for the administration and security of the Island, as reported by you and Captain Nixon to the Government of *Fort St. George*, have been communicated to His Lordship in Council, who observes with just admiration the judgment, ability and foresight manifested by you in the plan of attack; and the zeal, intrepidity and precision, with which it was carried into effect, by the gallant Officers and men of the Naval and Military Service under your direction. His Lordship in Council considers the rapid conquest of a place so strongly fortified by nature and by art, in the face of a superior force, without the loss of a man, as forming a singular event in the annals of British enterprize, reflecting a peculiar degree of credit on your professional skill and affording an extraordinary instance of discipline, courage and activity, on the part of the Officers and men under your command.

The Governor General in Council considers the eulogium which you have bestowed generally on the detachment of the Honorable Company's troops employed on this occasion, and especially on the conduct of their Commanding Officer Captain Nixon, and of Lieutenant Yates and Ensign Allen, to be highly honorable to them; and has directed the expression of his distinguished approbation to be conveyed to them generally and individually through the channel of the Resident at *Amboyna*.

In consideration of the general good character of the prisoner James Thomas, as well as from the conviction the Commander in Chief has in his own mind, that the crime of which he has been found guilty has not proceeded from *any evil intention*, but from the effects of that disgraceful practice of drinking to excess, is pleased to suspend the execution of the remainder of the punishment awarded him, subject to his future conduct in the hope, that the mercy now offered will not only operate to reclaim him, but afford a salutary lesson to those Soldiers whose intemperance so often brings disgrace upon their profession, the punishment it so justly merits, and the contempt of their comrades and brother soldiers upon themselves.

The above order, with the crimes and sentences, to be read at the head of every European corps and detachment serving under this Presidency, at three successive parades.

HORSE GUARDS, 14th June 1810.

At a General Court Martial held at *Vizeu*, on the 20th March 1810, Thomas Richardson, Clerk in the Commissariat department, was arraigned upon the under-mentioned charge, viz.

"For scandalous and infamous conduct in misapplying and embezzling the public monies, by fraudulently receiving £ 5 per cent out of payments made by him at different times, about the months of September and October, 1809, at *Merida*."

Upon which charge the Court came to the following decision:

"The Court having maturely and deliberately weighed and considered the evidence adduced in support of the prosecution against the Prisoner Thomas Richardson, Clerk in the Commissariat department, together with what he offered in his defence, and the evidence thereon, was of opinion, he was guilty of the charge preferred against him, being in breach of the articles of war; and by virtue thereof, sentenced him, the Prisoner Thomas Richardson, Clerk in the Commissariat department, to three months imprisonment, from the day of the date of the confirmation of this Court Martial, and also to refund the sum of one hundred and sixty one pounds, eighteen shillings and six pence, being the amount received by him in a fraudulent manner out of the payments made to Manuel Fernandoz, and Fernando de Tano, at *Merida*, on three thousand two hundred and thirty eight pounds, fourteen shillings and one penny, and in default of payment of the said sum of one hundred and sixty one pounds, eighteen shillings and six pence, the Court sentenced the Prisoner, Thomas Richardson, to be committed to prison for six months, there to remain without

without bail until he should pay such deficiency. The Court further adjudged the Prisoner, Thomas Richardson, to be incapable and unworthy of again serving His Majesty in any situation of trust, Civil or Military."

His Majesty was pleased to approve and confirm so much of the sentence of the Court as adjudged the Prisoner three months imprisonment, from the day of the date of the confirmation of the Court Martial, and to be incapable and unworthy of again serving His Majesty in any situation of trust, Civil or Military, and to remit the remainder of the sentence.

The Commander in Chief directs that the charge preferred against Thomas Richardson, together with the sentence of the Court, and His Majesty's confirmation thereof, shall be read at the head of every Regiment, and entered in the Regimental Orderly Book.

By Command of the Right Honorable the Commander in Chief.

SENTENCE,

SENTENCE.—The Court having maturely considered all the evidence in support of the prosecution, as well as what the Prisoner has urged in his defence, is of opinion that the prisoner Lieutenant Wigan is not guilty of insubordination, or contempt of authority, as set forth in the first charge—But it considers the Prisoner's conduct on parade on the evening of the 18th of January last, as censurable.

The Court acquits the Prisoner of the second charge—altho' it considers his conduct on this subject, as highly intemperate, and highly improper; intemperate from the language of his letter of charges against Major Boardman, and improper from the time this letter was forwarded.

The Court find the prisoner guilty of the third charge.

The Court acquits the prisoner of the fourth, and additional charge, and the Court considers the latter charge as *frivolous* and *vexatious*.

The Court having found the prisoner's conduct as censurable on the first charge, highly intemperate and highly improper on, the second charge, and guilty of the third charge, which being subversive of good order and military discipline.—It doth sentence and adjudge Lieutenant Wigan to be suspended from rank and pay for three calendar months, from the date of approval.

(Signed) C. CUNINGHAM, (Signed) H. HALL,
Judge Advocate, Lieut. Col. & President.

I APPROVE.

(Signed) G. HEWETT.

In approving of the sentence, I deem it necessary to remark on some irregularities in the proceedings, which altho' not of sufficient magnitude to affect the validity of the sentence, ought not to pass unobserved.

It appears that Lieutenant Kennedy the intimate friend and adviser of the Prisoner, who had been in Court during the whole of the prosecution, was examined on the defence under such circumstances of disqualification as rendered him an incompetent witness. This irregularity is the more glaring as the prisoner, in order to induce the Court to admit the testimony, stated that the matter to which Lieutenant Kennedy's evidence was desired had not yet been agitated; notwithstanding which assurance, a reference to the proceedings will shew, that it was exactly of the same tendency and directed to the establishment of the same and similar facts to prove which the Prisoner had previously examined other witnesses.

Captain Macleod a Member of the Court Martial, was permitted to give evidence manifestly involving presettled opini-

ers on a very materal question then at issue, the avowal of which ought to have disqualified him as a Juror, and in this instance, the Court acted both partially and unwarrantably in wholly disregarding the Prosecutor Major Boardman's very just objection to Captain Macleod being readmitted to his seat as a Member, which indeed it is also manifest he originally took with a pre-established assumption that the most material part of Lieutenant Wigan's charges against the Prosecutor were well founded.

335. " We are not satisfied that " this indulgence of half passage money " to Subaltern Officers proceeding on " sick certificate to *China*, the *Cape*, " or *St. Helena*, was necessary, or " that it will operate in any considera- " ble degree to the advantage of the " service by encouraging Officers to " limit their applications for leave " of absence for the benefit of their " health to the least extent which may " be absolutely necessary as you seem to expect, and to be " satisfied with, going for a short time to these places, instead " of proceeding to *Europe*. According to the existing Regu- " lations, Officers going to these places are permitted to " draw their pay and *fixed allowances* (tent allowances " excepted) provided they are resident a certain period; we " cannot therefore think it reasonable that the Company " should be put to additional expense by the grant of passage " money to Officers so situated, and altho' your order on the " occasion only mentions Subalterns in the Company's service, " the indulgence will naturally be expected by those of His " Majesty's Regiments, who may be in the same predicament, " as it is besides impossible to confine allowances of this " description to one Presidency, we apprehend the expense " altogether will be considerable; we must therefore with- " hold our sanction to your resolution."

In consequence of the intimation conveyed in the foregoing para. the Governor in Council cancels the last para. of the G. O. dated the 17th October 1807, granting passage money to Officers proceeding on sick certificate to the *Cape of Good Hope, China*, or *St. Helena*;

The Court assembled according to order.

A letter from the Adjutant General of the Army to the President of the Court (of which the following is a copy) informing them that His Excellency the Commander in Chief had directed a revision of their sentence, was read.

COPY.

To Lieutenant Colonel RUMLEY,
President of a General Court Martial assembled at Jaulnah.

SIR,

I am directed by His Excellency the Commander in Chief to inform you, that he has received with the greatest surprise and concern, the opinion and sentence of the General Court

Martial

Martial of which you are the President, assembled for the trial of Private Soldier Thomas Crooke, of His Majesty's 34th Regiment; which his duty to the service will not permit him to approve, and which he cannot confirm without directing the Court to revise their sentence, and warning them of the dangerous consequences that must result to the Army from such mistaken lenity.

It has never occurred to the Commander in Chief to be acquainted with so unprovoked and outrageous an act of mutiny, or one, that so imperiously calls for capital punishment, as the present. The Prisoner immediately on duty under the Serjeant's command, rushes from the ranks and stabs him with a bayonet without any further provocation, than his having ordered him into confinement for repeated irregularity. If such a proceeding is suffered to pass without the severest punishment, the discipline of the Army must receive a blow, which may before long, recoil on the Members themselves. His Excellency the Commander in Chief therefore warns the Court, if they regard the service and as they value their honor, not to let a mistaken pride prevent their altering the sentence, if on further reflection they are convinced of the aggravated guilt of the prisoner and the necessity of an example.

The only reason which gives the least colour to so lenient a sentence, (for drunkenness can never be admitted as an excuse) must be found in the character given to the Prisoner; but the Commander in Chief reminds the Court, that it cannot alter the nature of the crime, or the sentence, which should follow the commission of it, it can alone have weight with the authority vested by military law with the power to remit the sentence, a General Court Martial is bound to give, according to the evidence and nature of the crime. The recommendation of a General Court Martial will always be attentively considered by that authority, and where duty will allow, must always be joyfully acceded to.

I have the honor to be,
Sir,
Your most obedient Servant,
(Signed) T. H. S. CONWAY,
Adjutant General of the Army.

ADJUTANT GENERAL'S OFFICE,
FORT ST. GEORGE,
23d January 1811.

REVISED SENTENCE.—The Court having re-considered the

the evidence brought before them, adhere to their former opinion.

(Signed) C. RUMLEY, Lieutenant Colonel and President.

I CONFIRM, BUT CANNOT APPROVE,

Head Quarters: Choultry Plain, February 24, 1811. } (Signed) S. AUCHMUTY, Lieutenant General.

Colonel Conran will direct the above sentence to be carried into execution in front of the troops composing the *Hydrabad* Subsidiary Force.

Extracts from the proceedings of a General Court Martial assembled in the Garrison of *Trichinopoly*, on the 8th of February 1811, in virtue of a warrant from His Excellency the Commander in Chief, and continued by several adjournments 'till the 16th day of the same month, and of which Court Martial, Lieutenant Colonel Macleod, 15th Native Regiment, is President.

Lieutenant Godfrey, of the 24th Regiment N. I. ordered under arrest by His Excellency the Commander in Chief, upon the following

CHARGES.—For conduct unbecoming an Officer, subversive of good order and military discipline and disrespectful to the authority of his Commanding Officer, in having on the 8th of December, when acting as Officer of the day, entered the garrison after orders in the orderly book, in a most shameful and improper manner, evincing thereby a contempt of the authority under which he was then serving.

By order of His Excellency the Commander in Chief.

(Signed) T. H. S. CONWAY, *Adjutant General of the Army.*

Adjutant General's Office, Fort St. George, *January* 10, 1811. }

SENTENCE.—The Court having fully and maturely deliberated upon all that has been produced before it in support of the prosecution, as well as what has been urged on the defence, is of opinion, that the Prisoner Lieutenant Godfrey, is guilty of so much of the charge, as having acted "unbecoming an Officer, in having entered the garrison "after orders in the orderly book in a most shameful and "improper manner;" but acquits him of having any premeditated

premeditated design to evince thereby, contempt for the authority under which he was then serving, and disrespectful to his Commanding Officer.

The Court doth therefore adjudge, the Prisoner Lieutenant Godfrey, to be severely reprimanded by His Excellency the Commander in Chief.

HEAD QUARTERS;
CHOULTRY PLAIN,
February 24, 1811.

I CONFIRM.
(Signed) S. AUCHMUTY,
Lieutenant General.

The Court having acquitted the prisoner Lieutenant Godfrey, of the most serious part of the charge, the Commander in Chief would have had great pleasure in remitting the sentence of the reprimand which he has been adjudged to receive, and particularly after his candid confession of the impropriety of his conduct; but as it appears on the proceedings, that Lieutenant Colonel Brice was disposed to look over the offence, if the prisoner on the ensuing morning would acknowledge the impropriety of his conduct, which it was his duty and ought to have been his pride to have consented to, the Commander in Chief hereby reprimands him severely for entering the garrison orders at *Pallamcottah*, in a most shameful and improper manner.

Lieutenant Godfrey is released from his arrest, and will join his corps.

The establishment shall consist of twenty boys to be selected exclusively by the Medical Board from the Military Male Asylum and Fort School, at the age of fifteen years.

The boys shall be attached to the Presidency and other General Hospitals for their education, with allowance of 6 Star Pagodas per mensem, and when properly qualified removed, and posted to different Native Infantry corps in the service in the capacity of First Native Dressers with an allowance monthly of ten Star Pagodas.

The boys on their removal from the hospital, shall in the first

instance

instance be attached to Native Infantry as First Dressers and when all the corps of this description are provided for, they shall be promoted by seniority into European corps on the same monthly pay, whence they will be eligible for nomination to the situation of Sub Assistant Surgeon as best qualified.

The number of Sub Assistant Surgeons shall be fixed at twenty, and vacancies filled up from the Native Dressers attached to European corps as best qualified.

As a sufficient number of boys of the prescribed age cannot at present be obtained from either the Military Male Asylum or Fort School, the Governor in Council is pleased to sanction the admission on the establishment of the persons undermentioned, viz: Richard Davidson, Mathew Gray, Mathew Skillern, Thomas Trotter, John Bradshaw, Thomas D.Eas, Thomas Little, and Manuel de Sylva, and directs that they be posted to Native Infantry corps when recommended for that purpose by the Medical Board, but in the mean time the Government is to be at no expense on their account.

The boys belonging to the establishment are to be dressed uniformly, but no expense above the stipulated monthly allowance is to be incurred on this account; the Medical Board will give the necessary directions on this subject.

The Medical Board will prescribe the course of instruction to be pursued by the boys at the Presidency and General Hospital, and report to Government every six months their progress and behaviour during the intervening periods.

The allowance of 6 Star Pagodas per mensem to be drawn for each boy while under tuition by the Surgeon in charge of the Hospital.

Monthly reports to be made by the Regimental Surgeons of the progress and behaviour of the First Native Dressers to the Superintending Surgeon quarterly; reports on the same subjects to be made by the Superintending Surgeon to the Medical Board, who will report half yearly on the state of the whole establishment, through the channel of His Excellency the Commander in Chief.

SENTENCE.—The Court are of opinion that the Prisoner Captain De Graves, is not guilty of the 1st charge preferred against him, and that no evidence has been offered which could in the least tend to substantiate such a charge, the Court do therefore in the most full and honorable manner acquit the Prisoner from all and every part of that charge.—The Court are further of opinion that the Prisoner is not guilty of the 2d charge and do most fully acquit him thereof.

The Court having passed their opinion upon the charges which have been brought before them, consider it their duty to express their regret, that Major Sir Charles Burdett should have thought it necessary to bring forward an Officer upon grounds which have appeared to them so very insufficient.

(Signed) ROBERT ROLLO GILLESPIE, Colonel
and President.
(Signed) W. ORMSBY,
Acting Judge Advocate General.

An attentive perusal of the proceedings which have led to the above sentence, induces the Commander in Chief to declare in orders, that the full and honorable acquittal of Captain De Graves meets his entire concurrence and approval.

The

The Commander in Chief regrets equally with the Court Martial, that an Officer should have been reported to Head Quarters on such serious charges,* and been subjected to a public trial on such insufficient grounds.

In justice to Captain De Graves, His Excellency thinks proper to notice, that Major Sir Charles Burdett assured the Court, that he never met with any prior opposition from him, and Major Colebrooke his immediate Commanding Officer has testified that when under his orders, he performed every required duty with the zeal and alacrity which becomes an Officer.—These honorable testimonies the Commander in Chief trusts will remove any unfavorable impression from the minds of his brother Officers.

O. issued by His Excellency the Commander in Chief in *India*, announcing the King's gracious intention to grant His Majesty's Brevet Commissions to the Officers in the Honorable the East India Company's Army, corresponding with the Commissions they hold in that service.

The Governor in Council is further pleased to intimate, that the Brevet Commissions abovementioned on being received from *Bengal*, will be delivered by the Adjutant General of the Army to the Accountant General, for the purpose of being forwarded for distribution to the Paymasters at out-stations, who are hereby directed to stop the fees out of the Officers pay for the month in which the Commission is received, and to transmit the amount to the Accountant General, who will take the requisite measures for remitting the same to the Military Secretary to His Excellency the Commander in Chief in *India*.

General Orders by the Commander in Chief in India.

HEAD QUARTERS: CALCUTTA, 15th February 1811.

With a view to obviate the delay and inconvenience which has been found to attend the transmission of King's Commissions to the Officers in the Honorable Company's Army, in conformity to His Majesty's gracious Warrant bearing date the 28th of March 1789, granting them a participation of rank in his Army serving in *India*—His Majesty has been most graciously pleased to delegate to the Commander in Chief of the forces in *India* the same authority to issue Commissions, of equal effect to those bearing His Majesty's own signature, as was formerly vested in the late Marquis Cornwallis when Commander in Chief in this Country, and His Majesty has been at the same time pleased to command His Excellency Lieutenant General Hewitt to intimate to the Army under his command in terms the most explicit, His Majesty's pleasure, that all Officers in the service of the Honorable East India Company bearing His Majesty's Commission, or Commissions, signed by his special authority delegated to the Commander in Chief in *India*, are in virtue thereof to have the same local rank, as if they were in the immediate service of His Majesty, and that no distinction of rank whatever is to be made in that respect, between the King's and Company's Officers of corresponding ranks, except what must necessarily arise from the dates of their respective Commissions.

Agreeably to the power thus vested in the Commander in Chief, by His Majesty's warrant dated at St. James's on the 9th of June 1810 hereunto annexed, His Excellency's Military Secretary

Secretary has been directed to forward Commissions to all the Officers on this establishment to whom King's commissions may not have been already granted, and the Military Secretary will be governed by the General Orders under date 20th December 1788 (now republished for the information of the Army) in regard to the amount of fees and the mode of collecting the same, as well as the channel through which the Commissions are to be forwarded to the Officers to whom they may be granted.

GENERAL ORDERS, 20TH DECEMBER 1788.

The Brevet Commissions of King's local rank in *India*, which His Majesty has been graciously pleased to grant to the Officers in the service of the Honorable Company, will be issued, and the Commander in Chief has thought proper to limit and fix the fees of those commissions at each Presidency, and of all others that may be granted in consequence of future promotion in the Company's service, at half the amount of fees which are established at their respective Presidencies, for Company's Commissions, which are granted to the Officers of their own establishment.

The Military Secretary has been directed to transmit the Commissions for the Officers of this establishment, to the Paymaster of Artillery and Garrisons, and the different Paymasters, by whom they are to be distributed; and the fees, in conformity to the Minutes of Council 5th November 1781, are to be deducted from the first payment that may be made to the several Officers at their respective stations.

G. O. BY GOVERNMENT,

The expense of victualling the Officers embarked on the transports

transports for recent foreign service, having considerably exceeded the amount of the regulated allowances for that purpose, the Governor in Council has in the present instance defrayed the contingent charges of the Commanders, for the excess of disbursements—but the following regulations will in future be observed in the regulation of the mess of Officers ordered for embarkation.

Six rupees per diem will be paid to the Commanders of transports, for the mess of each Officer embarked on board, and an advance of money at this rate, proportioned to the probable length of the expected voyage, will in future be made to the Commanders of transports on a bill, specifying the number of Officers to be embarked, and countersigned by the Quarter Master General, or Officer at the head of that department on the spot.

A stoppage of two rupees per diem will, in consequence of this arrangement, be made in future from the abstracts of Officers embarked on transports, who are required to state the deduction at the bottom of the abstract for batta for the months wherein they were embarked thus, "deduct for mess money while embarked on the (state the ship's name) from the (date of embarkation) to the (date of disembarking) being (number of days) at the rate of 2 rupees per day."

The Honorable the Governor in Council farther gives notice, that when the unavoidable expense of provisions &c. for the table of Officers embarked on transports, shall be found to exceed the allowance of 6 rupees per diem, the excess shall be charged against the Officer to the extent of the remainder of their batta but no farther.—It appearing equitable that batta, which is an allowance to meet the contingent charges and expenses of detached service, should be appropriated to cover, as far as it is equal to do so, the extra expenses of subsisting Officers embarked for foreign service.—The bills of the Commanders for such excess must be vouched by them, by a solemn declaration of their accuracy, and countersigned by the Senior Officer of the troops embarked on board being to the best of his belief, before they can be paid, by the Government, or charged against the Officers for whose subsistence the expense was incurred.

It is therefore directed, that the sum of 15 fanams per month shall be drawn in future by the Lieutenant Colonels, or Officers Commanding His Majesty's Regiments of Dragoons on this establishment for each saddle and sett of horse appointments, which sum is to be considered in full for keeping in repair and carrying the saddles and horse appointments with their respective corps, from the time the equipment is landed from *Europe* and lodged in regimental store, previous to which all expenses will continue to be borne by the Colonels of Regiments out of the off-reckonings, but not afterwards.

The allowance of 15 fanams per month for each saddle and sett of horse appointments granted by this order, is to commence from the 1st instant.

The nomination by Colonel Taylor Commanding in *Mysore*, of Lieutenant Aubrey, to officiate as Deputy Judge Advocate at a General Court Martial held at *Bangalore* on the 17th instant, and of which Subadar Moodeen Saib of the 2d Regiment Native Infantry, is President, is confirmed.
